EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew Mason on 5/31/07.

The application has been amended as follows:

Claim 1 (currently amended). A process for preparing mono- or diesters of polytetrahydrofuran or of tetrahydrofuran copolymers comprising polymerizing tetrahydrofuran in the presence of at least one telogen and/or of a comonomer over an acidic catalyst, wherein the polymerization reactor is started up using a mixture of the polymer to be prepared by the process, polytetrahydrofuran, the mono- or diesters of polytetrahydrofuran and/or of the tetrahydrofuran copolymers, tetrahydrofuran, any comonomer and at least one carboxylic anhydride, wherein the concentration of the polymer product used for startup is from 20 to 80% by weight, based on the total amount of the mixture used for startup.

2. The following is an examiner's statement of reasons for allowance: A process for preparing mono- or diesters of PTHF wherein the composition comprises 20 to 80% of the product in the startup of the system is not suggested or disclosed in the prior art of

record. Closest prior art includes Schlitter (US 2004/0220381), as set forth in the action dated 9/1/06 and overcome by perfection of foreign priority and Dostalek (US 5641857) v. Mastebroek (US 5138032), as set forth in the action dated 3/16/07. Applicants overcome Dostalek and Mastebroek with the amendment to claim 1 which requires 20-28% of polymer product in the start up. Mastebroek only discloses using a small amount of product in the startup of the reaction (Column 2 Line 27).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
